Cottage Hospital joins in the Fight Against Cancer

Woodsville, NH – On June 13th the Cottage Hospital “Footprints of Hope” Relay for Life team took to the track for the third consecutive year, supporting the Caledonian County, Relay for Life Event. This year was a very special year, as the team had three Cottage Hospital employee survivors and two Cottage Hospital Cancer Support Group survivors involved with the team.

The annual Relay for Life event, offers the community an opportunity to participate in the fight against cancer. Teams join together to camp out at local high schools, parks, or fairgrounds and take turns walking or running around a track or park. Each team is asked to have a representative on the track at all times during the event. Relays are an overnight event, up to 24 hours in length.

The Caledonia County Relay for Life event raised approximately \$207,000.00 for the American Cancer Society. Almost everyone has been touched by cancer and this is such a great opportunity to come together and remember a loved one, give support to someone battling cancer, or celebrate survival. For more information please visit www.relayforlife.org.
